To ensure accuracy the measurement report for this race should be consulted and the course must be set out exactly as described by the measurer. If there are any changes to the course as detailed in the report and on the certificate, and/or to he start/finish area(s) before the certified date of the race the certificate will be invalid. If there are any changes, please advise us and we will consider whether a full or partial remeasurement is necessary. The Certificate should be displayed at the race venue on the day of the race, along with a copy of the Scottish Athletics or ARC race licence. Without a licence this certificate will be invalid.

NOTE: ***A Certificate of Course Accuracy must be obtained for each running of a race. Without a certificate, a licence cannot be issued and the results will not be included in Run Britain's Power of Ten rankings.***
